

“Our voices will be heard”

## **LITHUANIA**

Lithuania was dreaming of freedom and that's what we got.

Nors ir esame maži, bet mes visad būsim išgirsti.

Even though we are small, but we can easily break down the walls.

If we go down, we will go all ir mes mylime viens kitą kaip šeima.

Mes tikim į stiprybę ir mes mylime krepšinj,

Mes gerbiame teisybę and our voices will be heard!

We don't need anything else

Just to be free

And that it would last forever!

We don't need anything else

Just to be free

And that our voices would be heard!

## **GERMANY**

Our voices will be heard

With every word we're getting stronger

Fun relationships longer

Unsere Sprachen sind ganz wichtig

For the bridges that we build

Friendships can be fulfilled

Und das Schöne, habt ihr gehört

With every word we're getting stronger

Fun relationships longer

Unsere Sprachen sind ganz wichtig

“Our voices will be heard”

For the bridges that we build

Friendships can be fulfilled

Und natürlich, es gibt Respekt

And our voices will be heard, be heard, be heard

Unsere Stimmen werden gehört, werden gehört

## **SPAIN**

Our voices will be heard

Our voices will be heard

Everybody show respect

Your religion or your skin

Sex, skin colour, favourite colour

You can be old or you can be short

You can be tall or you can be short

We are all European

Somos todos europeos

We are all European

Somos todos europeos

## **POLAND**

Have you heard the voice

of the younger Europe?

We are here together now

and we are connected.

We have the best of bonds

and no one breaks them.

“Our voices will be heard”

Nie musimy patrzeć w jedną stronę,  
aby wspólnie trwać.

Najważniejsze jest by różnić się,  
a mimo to przy sobie nadal stać.

Nie musimy patrzeć w jedną stronę,  
aby wspólnie trwać.

Najważniejsze jest by różnić się,  
a mimo to przy sobie nadal stać.

## **ENGLISH TRANSLATION OF THE SONG**

### **LITHUANIA**

Lithuania was dreaming of freedom and that's what we got.

Even though we are small, our voices will be heard.

Even though we are small, but we can easily break down the walls.

If we go down, we will go all and as our bond is unbreakable.

We are courageous and energetic and basketball is our passion.

We are honest and fair and our voices will be heard!

We don't need anything else

Just to be free

And that it would last forever!

### **GERMANY**

Our voices will be heard

With every word we're getting stronger

Fun relationships longer

“Our voices will be heard”

Our languages are very important

For the bridges that we build

Friendships can be fulfilled

And the beautiful thing, have you heard

With every word we're getting stronger

Fun relationships longer

Our languages are very important

For the bridges that we build

Friendships can be fulfilled

And of course, there is respect

Our voices will be heard, be heard

And our voices will be heard, be heard

## **SPAIN**

Our voices will be heard

Our voices will be heard

Everybody show respect

Your religion or your skin

Sex, skin colour, favourite colour

You can be old or you can be short

You can be tall or you can be short

We are all European

We are all European

We are all European

We are all European

“Our voices will be heard”

## **POLAND**

Have you heard the voice

of the younger Europe?

We are here together now

and we are connected.

We have the best of bonds

and no one breaks them.

We do not have to look in one direction

to stand together.

The most important thing is to differ

and yet still stand by each other.

We do not have to look in one direction

to stand together.

The most important thing is to differ

and yet still stand by each other.
